PROJECTS

UofT Timetable Builder Chrome Extension | *JavaScript, HTML, CSS*

- Developed a Chrome extension to integrate professor ratings directly into the University of Toronto timetable builder
- Implemented JavaScript DOM manipulation and API-based data retrieval to improve course planning efficiency
- Supported UTM, UTSC, and St. George campuses with optimized performance using local caching

Personal Portfolio Website | *HTML, CSS, JavaScript, Node.js*

- Designed and developed a responsive portfolio website to showcase projects, technical skills, and leadership experience
- Applied responsive web design principles and reusable UI components for improved usability
- Used Git and GitHub for version control and collaborative development workflows

Programming Practice Projects | *Python, Java, C*

- Built programming projects and command-line applications focused on problem solving and object-oriented programming
- Strengthened debugging, modular programming, and data structure implementation skills through hands-on development

EXPERIENCE

IPMD Inc.

June 2026 – Present

Product Design and Management Intern

Remote - San Mateo, CA

- Led a team in designing and developing an interactive digital art product that transforms image cards into a live fine art experience
- Built accessible, resilient product behavior with reduced-motion support and fallback communication methods.
- Managed product decisions across concept development, user experience, implementation, and iterative testing

TutorMatch

Mar. 2026 – Present

Tutor

Toronto, ON

- Delivered personalized academic support and adapted explanations to different student learning styles
- Created structured lesson plans to improve student understanding and academic performance
- Maintained organized progress tracking and session documentation

LEADERSHIP

UofT Team Unbreakable

Feb. 2026 – Present

Vice President

Toronto, ON

- Organized wellness and engagement events for 30+ participants
- Collaborated with executive members to improve club outreach and social media engagement
- Supported marketing initiatives and coordinated student-focused activities
